1 Introduction

The purpose of the user guide is to provide information, procedures and instructions to help you maintain an employee’s contractual information within the Trent HR system, including:

- Work Hours
- Salary
- Working Pattern
- Funding
- Contractual Elements
- Extensions to Tenure
1.1 Where to Find the Data

Most of the options listed can be located in the Positions area of the People module using the following navigation path:

Navigate: Organisation > People (select the employee) > Employment > Positions (select position)
1.2 Effective Dates

Whenever changes to position details are required, you must ensure that the effective date of the change is entered. This is achieved in two ways and is dependant on the item being changed.

- Using the Effective Date field in the Control Bar
- Completing the Start Date field in the relevant form

Once you choose the appropriate form for the change, Trent will wait for you to enter the date in the Effective Date field in the Control Bar.
