

## The Pensioners Structure

The structure within the Pensioners organisation is slightly different. Pensioners are recorded under a separate organisation and therefore have a separate structure. However, this is accessed in the same way that the University of Cambridge structure is accessed.

## Unit

There are just two Units within the Pensioners structure, P-Pensioners and T-Pensioners.

🗉 🚰 P-Pensioners	
🗉 🚰 T-Pensioners	
_	
and the second	الحام معمد و

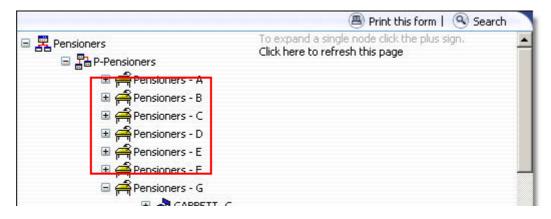

The P-Pensioners are those who are in the University's CPS scheme.

The T- Pensioners were academic/academic-related staff that were part of the University's own pension scheme for this group of staff prior to the introduction of the USS. Obviously, this group is slowly decreasing.

The only groups that will have access to these units are the Payroll Team (to allow them to set up new pensioners, and maintain existing ones) and the Pensions Team on a read only basis.

## Post

Within the Pensioners organisation we have split the pensioners into post groups according to the initial letter of their surname.

## Position

2

In the Pensioners organisation, a position will be created for each pensioner using their name as the position title.
